

X5 GROUP PUBLISHES 2021 SUSTAINABILITY REPORT

X5 today announces the release of its second Sustainability Report prepared in accordance with GRI Standards and independently assured. The Report contains comprehensive information on the Company's environmental, social and governance (ESG) performance for 2021 and highlights its various sustainability projects and initiatives.

The publication of the Sustainability Report in accordance with GRI Standards reflects X5's commitment to transparency and corporate social responsibility, and demonstrates the Company's progress in implementing sustainability principles across its operations.

The Sustainability Report is available [here](#).
